Reference note: See also the 1107 Kit Data Sheet PDS1107

## VSEA – IMPLANTER PARTS E220 & E500 SERIES

# Signet 1043 Filament Replacement Kit

This Signet Filament Replacement Kit offers both value and convenience. All parts required for filament replacement are packaged together which saves time purchasing, stocking and installing.

**Signet Products Kit Part Number 1043**

**The parts included in the Filament Replacement kit are:**

| Signet Part # | OEM Part #     | Qty | Description                   |
|---------------|----------------|-----|-------------------------------|
| 37-3699       | E17036990      | 1   | Filament, Bernas              |
| 40-3430       | E1712160 ref.  | 3   | Retainer, Alumina             |
| 44-0032       | E17037001      | 2   | Filament Ins. Mtg. Screw Moly |
| 44-3420       | E17135271 ref. | 3   | Insulator Long, Alumina       |

These insulators can also be supplied in Boron Nitride. The mounting screws are also available in Tantalum Signet PN 73-0032. We welcome the opportunity to assemble custom kits to meet your maintenance procedures.

Ref. = Design Alteration of OEM Part
