Signet Repeller Modification

Longer Life than Original OEM Design

Signet Products Kit Part Number 1087

This Signet repeller enhancement was prototyped in 1996 and has been available since 1997. The Ta repeller shield extends the repeller life by as much as twice the original OEM design. All 4 parts can be ordered as a kit using Signet # 1087 or the parts can be ordered individually (see the table below).
